1. *Chair's welcome and approval of Agenda (Paper 1)*

The chair of the board welcomed the members to the last board meeting of the year, also noting this being the last board meeting of the current rector. New election for the student representative to join the board for 2023 is to take place now so this may possibly be the last board meeting of Anita Hansen, student representative. Páll Magnus Dam í Baianstovu, deputy student member, attended his first board meeting. He has recently been appointed as deputy by the Student Council (Ráð teirra lesandi/RTL). There has been no deputy student member on the board since spring 2022. Magnus Gaard, deputy member could not attend the meeting. Martin Zachariassen, current pro-rector and coming rector from 1 January 2023 joined for item number 5. Brynleif Poulsen, temporarily supporting the University after the recent departure of the previous Head of Finance, attended the meeting for item 3. The position of Head of Finance will be posted available soon.

The agenda for the meeting was then approved.

2. *Approval of minutes from meeting of September 2022 (Paper 2)*

The minutes from the last board meeting were approved, noting further follow up on these action points:

ÓE has been in touch with the Ministry about appointing a deputy replacement for MZ and we are now waiting on the Ministry to appoint a new deputy member.

Action point: ÓE to update at next board meeting on replacement for MZ as deputy member.

ÓE has been in touch with the Ministry about flexibility on student grant but the process has been halted due to new elections happening on the 8th of December 2022. Once a new Minister has been appointed, we will continue to work for further progress.

Action point: ÓE to update at next board meeting on process for flexibility on student grant.

3. *Finance Report, January-October 2022 (Paper 3).*

There is a surplus as we approach the end of the year, and the University Leadership Team is managing the situation. The meeting asked if staff have been asked to bring suggestions forward with ideas for investment which the rector and university director confirmed. See paper 3 for fuller details.

The Board was very pleased about the University leadership having secured the support of the external consultant, who is very well qualified and able to support the University at this stage, so soon after the departure of the previous head of finance. The Board was reassured regarding the clarity of the presentation of the financial situation, and projections, based on the end of October figures.

As there has been a coalition break and new elections will take place on the 8th of December 2022, we are on a provisional finance law (mirroring the current finance law) until a new government will be formed and new finance law confirmed. That can take months and may affect the budget previously planned for 2023. The current (2022) budget does not have important aspects of planned and previously agreed provision in place. We are hoping to get a coalition for 2023 that will finance us for running the previously planned business, but that remains to be seen.

The university is hosting an election event in Kongshóll 30th November 2022 with focus on the educational area, research, campus and more. All political party leaders have been invited, as well as the Student Council (Ráð Teirra Lesandi) and MFS (Meginfelag Føroyska Studenta).

4. *Report on consultations since last meeting (University Director) (Paper 4)*

There has been one hearing since last meeting – about doping. The Dean of Health Sciences responded that we agree on the content but need a body to monitor.

5. *Updates from Pro-Rector (Education) on key projects (Paper 5 – Powerpoint presentation)*

a. *Reorganizing the Student Administration*

See paper 5.

The board supports the work and commented that this may also facilitate making it easier to students to take courses across departments and may serve the flexible learning goal as well. Another issue to still be solved for enabling the goal for allowing more flexibility on taking courses across departments is having a joint university calendar (not in progress yet) and uniform credit system for all courses.

b. *Next stages for Quality Assurance and Enhancement*

See paper 5.

The rector concluded it being great having the pro-rector pushed ahead in this area (also item 5a) for the last few months. The board is highly positive on the progress.

6. *Brief report from Director on progress with working group on flexible learning (oral report)*

A working group has been established with the university director, coordinator of the Quality Unit and head of student affairs. They have had their first meetings and are meeting again next week. The first goal is focusing on part time studies and looking into changing grant requirement of Studni (currently you are only eligible for grant if enrolled fulltime).

For the overall goal of offering flexible learning paths at the university, longer term strategic work is needed in cooperation with the board and external cooperation as well. This is also part of the ESG and UN sustainability goals.

Board members shared their observations from universities in Iceland (very flexible), Norway (different models with different strategic purposes, also involving cooperation between different universities for same students) and DTU in Denmark (still in development, results not apparent yet). An additional challenge for the university of Faroe Islands is that we have much fewer students, thus smaller classes (some courses not being offered every year) which may be even smaller with flexible learning approaches. Teaching staff will also have to be onboard with the goals as it may require more flexible working hours from them for e.g. evening classes.

Lack of teaching rooms is also currently a potential hindrance, as more flexible learning paths may mean smaller classes but more classes.

7. *Rector's report on the period since last meeting, including summary and comments on the draft report of the external review team (Paper 6)*

The rector presented paper six which involved the following areas

- 50th Anniversary of our Faculty of Natural Science and Technology
- Developments in our Finance Department
- Ministry Matters
- Our Language Forum
- Collaboration with our Student Council

- MCPDC Process 2022-2023
- Regulations Governing Positions at the University
- Position of Dean at the Faculty of History and Social Sciences: **Action point: The rector encouraged the board to think about the whether the dean position should be rotating or permanent and better financially compensated.**
- Staffing for the delivery of our IT Programmes
- Implementation of PURE Faroe Islands – PURE.fo – and working culture at the University
- Annual review of Research and Enterprise
- Collaboration with Industry: Bakkafrost, Geospatial Centre of the Faroe Islands
- Update on the External Review of the University: **Action point: The rector to make sure that the main recommendations (we have the current draft) are translated to Faroese now to be ready to present to the new government right after elections 8th December 2022.**
- Reorganization of the student administration
- Handover to the new Rector

The rector then thanked the board for good cooperation for the last three years. Board members also thanked the current rector for excellent work the last three years, especially on very good progress despite covid-19 being a main challenge through this period. Board members also noted being happy with Martin Zachariasen to take over the position from 1 January 2023, who has previously been a deputy member on the board and a pro-rector at the university since early 2022.

8. Rector's update against the commitments and priorities of our Strategic Plan, 2020-2024 (Paper 7)

See report 7 for full details. The board was highly positive on the implementation and results presented on the strategic plan.

9. Proposed update to the Regulations Governing Positions at the University of the Faroe Islands (Paper 8)

The proposed changes involve stating that staff in permanent teaching and research positions may be required to take on leadership/administration responsibilities. This is due to there been a practice in parts of the University of giving the program leader roles to assistant professors which has then resulted in them being delayed in promotion to associate professorship due to lack of time for research and publications. In practice this has meant that some staff have been in assistant professor roles for much too long (although those affected have now all been supported through the process) and we want to get away from that for the future

The other change involves not appointing teaching staff without PhDs to permanent positions. This is due to preventing a current trend in some departments of having a growing numbers of teaching lecturers and a decline in staff with PhDs. In practice this means that we will offer more standardised support for staff that are hired (temporarily) without PhDs to allow undertaking one while one is in a temporary position. Overall, this is to serve the goal of having well-qualified staff and of offering research-based teaching.

The comments from the board were to take into consideration that in some areas, where research is weak, it may be difficult to find staff with PhDs, so at the same time efforts need to be taken to strengthening the research environment.

The board then approved the changes.

Since then, it turned out that the version shared with the board was not the most recent one, so an updated version has been shared with the board in email 25th November 2022 following the meeting and the board has until 29th November if having any objections to the most updated version. If no objections/comments are received until then, the university will consider that version sent on 25th November 2022 as the final one approved.

10. Discussion regarding process for identification of student representation on the Board (oral proposal)

The law does not specify how to put student members to the board. That is currently being done with internal student elections. We have the Student Council (RTL) that is also elected through student elections. In the past when students elected to the board have decided not to join the university board anyway, we have asked the RTL to appoint members to the board for the remaining period. That has turned out really well and could also mean an improved representation of the student community as RTL works across all the university. The rector suggested to the board that for the future (in practice, from 2024 onwards) it should be standard procedure that RTL will appoint members to the board.

The university board approved the proposed changes.

As student elections to the board are currently undergoing the changes will only be effective for 2024.

(The Ministry is appointing members to the board but based on recommendations so in effect this has no major changes for the Ministry appointing student members based on recommendation from RTL rather than direct elections).

11. Brief update from the Campus Group (Oral Report from Chair)

The chair of the board (also chair of the campus group) presented the six-step overall plan for the coming 7 years with completion in 2030. The steps involve refurbishing Frælsið (the old teacher's school), temporary parking on the green field next to the Frælsið building, student housing, the main building, parking basement under the green field on Frælsið and then the faculty buildings.

Comments from the board were to prioritise public talking points on why a campus is important now as the current discourse is dominated by the financial crises and could mean less willingness to invest in a campus for now.

12. Chair's summation and concluding remarks

The chair of the board thanked members for attending the meeting. The dates for board meetings 2023 will be coordinated with the incoming rector, the executive secretary and the chair of the board. Board members will be notified in email.

The meeting ended at 11:45.

Faroese translation of minutes follows below.

1. *Stýrisformaðurin bjóðar vælkomin og góðkenning av fundarskrá (skjal 1)*

Stýrisformaðurin beyð øllum stýrislimum vælkomnum til ársins seinasta stýrisfund og nevndi eisini, at hetta var seinasti stýrisfundur við núverandi rektara. Val verður nú til umboð fyrir tey lesandi til stýrið 2023, so at hetta er kanska seinasti stýrisfundur hjá Anitu Hansen, umboði teirra lesandi. Páll Magnus Dam í Baianstovu, varaumboð fyrir lesandi, var á stýrisfundi fyrir fyrstu ferð. Hann er nýlighvaldur til varalim av Ráð teirra lesandi (RTL). Einki varastudentaumboð hefur verið í stýrinum síðan várið 2022. Magnus Gaard, varalimur fekk ikki komið á fund. Martin Zachariassen, núverandi prorekta og komandi rektari frá 1. januar 2023, var á fundi til punkt 5. Brynleif Poulsen, settur sum fyribils fíggjarleiðari, nú fyrrverandi fíggjarleiðarin fór úr starvi, var á fundi til punkt 3. Starvið verður lýst leyst skjótt.

Fundarskráin varð síðani góðkend.

2. *Góðkenna fundarfrasøgn frá septemberfundinum 2022 (skjal 2)*

Fundarfrasøgnin frá seinasta stýrisfundi varð góðkend, viðmerkt varð, at framhaldsviðgerð kravdist í hesum málum:

ÓE hevur havt samband við Mentamálaráðið um at seta eitt umboð fyrir MZ, og vit bíða nú eftir, at MMR setur nýtt umboð í stýrið. **At gera: ÓE at dagföra á næsta stýrisfundi um nýggjan lim fyrir MZ.** ÓE hevur verið í samband við MMR um smidligari møguleikar fyrir lestrarstudning, men málið er steðgað vegna valið, sum verður 8. desember 2022. Tá ið nýtt landsstýrisfólk er sett, heldur arbeiðið fram við at fremja málið.

At gera: ÓE at dagföra Stýrið á næsta fundi viðvíkjandi málínunum um smidligari lestrarstuðulsmøguleikar.

3. *Fíggjarfrágreiðing, januar-oktober 2022 (skjal 3)*

Vit hava avlop, nú ið vit nærkast ársenda, og leiðslan á Setrinum umsitur støðuna. Spurt varð um, um starvsfólk eru biðin at lata uppskot inn um ílögur, og tað játtaðu rektarin og fyrisitingarstjórin. Sí fleiri upplýsingar í skjali 3.

Stýrið var fegið um, at Setursleiðslan hevði tryggjað okkum stuðul frá uttanlysifíggjarráðgevanum, sum er sera væl skikkaður og færur fyrir at stuðla Setrinum í núverandi støðu, so stutt eftir at fyrrverandi fíggjarleiðarin er farin. Stýrið var vissað um, at framløgan av fíggjarstøðuni var greið eins og framskrivingarnar við støði í tølum frá seinast í oktober.

Av tí at Landsstýrið er farið frá, og val verður 8. desember 2022, hava vit fyribils fíggjarlóð (framskriving av núverandi fíggjarlóð), til nýtt landsstýri verður skipað og nýggj fíggjarlóð samtykt.

Tað kann taka fleiri mánaðir og kann möguliga ávirka fíggjarætlanina, sum er løgd fyrir 2023.

Núverandi fíggjarætlan (2022) hevur ikki pláss fyrir týdningarmiklum þortum av ætlaðum og áður samtyktum tiltökum. Vit vóna at fáa eina landsstýrissamgongu, sum vil fíggja tað arbeiðið, sum longu er fyrireikað, men tað fáa vit at síggja.

Fróðskaparsetrið skipar fyrir valfundi í Kongshøll 30. november 2022, sum snýr seg um útbúgvigarþokið, granskning, kampus og annað. Allir politisku flokkarnir eru bodnir og eisini Ráð teirra lesandi og MFS (Meginfelag Føroyskra Studenta).

4. *Frágreiðing um hoyringsumbønir v.m. síðani seinasta fund (Fyrisitingarstjórin) (skjal 4)*

Tað hevur verið ein hoyring síðani seinasta fund - um turvelvandi drøgg (doping). Dekanurin fyrir Heilsu- og sjúkrarøktarvísindi svaraði, at vit eru samd um innihaldið, men mega hava ein myndugleika at hava eftirlit við.

5. *Dagføringar frá prorektaðum viðvíkjandi høvuðsverkætlanum (skjal 5 – PP
framloðga)*
a. *Styrkt lestrarfyrisiting*

Sí skjal 5.

Stýrið stuðlar arbeiðinum og viðmerkir, at hetta kann möguliga vera við til at gera tað lættari at lesa tvørtur um deildir og kann eisini tæna endamálinum um smidligar útbúgvingsmøguleikar. Eitt annað mál, sum skal loysast til at gera tað smidligari at taka skeið tvørtur um deildir, er at hava ein felags seturskalendara (ikki á skrá enn) og einsháttaða próvdøming á öllum skeiðum.

b. *Næstu stig viðv. góðskutrygging og góðskumenning*

Sí skjal 5.

Rektarin viðmerkti, at tað var frálíkt, at pro-rektarin hevði arbeitt við hesum málinum (eisini mál 5a) ta seinastu tíðina. Stýrið er sera væl nøgt við gongdina.

6. *Stutt frágreiðing frá fyrisitingarstjóranum um gongdina í arbeiðsbólkinum um smidligar útbúgvingsmøguleikar (munnlig frágreiðing)*

Ein arbeiðsbólkur er settur við fyrisitingarstjóranum, samskiparanum av góðskueindini og lestrarskrivstovuleiðaranum. Tey hava havt sínar fyrstu fundir og hava fund aftur í næstu viku. Fyrsta málid er partstíðarlestur og at skoða broytandi stuðulskrøv í Studna (í lötuni fært tú bert stuðul, um tú ert fulltíðarlesandi).

Til tess at røkka málinum at bjóða smidligar útbúgvingsmøguleikar á Setrinum er neyðugt at hava langtíðarætlanir í samstarvi við Stýrið og somuleiðis eisini uttanhýsis samstarv. Hetta er eisini í samsvari við ESG- og ST-burðardygdomálini.

Stýrslimir kunnaðu um sínar eygleiðingar frá øðrum universitetum: í Íslandi (sera smidligt), Noreg (ymiskir hættir við ymiskum strategimálum, eisini við samstarvi millum ymisk universitet til somu lesandi) og DTU í Danmark (arbeiða við tí, úrslit síggjast ikki enn). Ein onnur avbjóðing á Fróðskaparsetri Føroya er, at vit hava so fá lesandi, sostatt smærri flokkar (summi skeið verða ikki útboðin hvort ár), sum verða enn smærri við smidligari læritilgongd. Undirvíasarar skulu eisini vera við í endamálinum, eftirsum tað fer kanska at krevja smidligar arbeiðstíðir av teimum, möguligar kvøldtímar.

Tørvur á undirvísingarhølum er eisini ein vansi í lötuni, av tí at smidligari lestrarleiðir möguliga merkir smærri, men fleiri flokkar.

7. *Rektarans frágreiðing um gongdina síðan seinasta fund saman við samandrátti og viðmerkingum til fyribils frágreiðingina hjá uttanhýsis eftirmetingarbólkinum (skjal 6)*

Rektarin legði skjal 6 fram, og tað fevndi um hesi øki:

- 50 ára dagur Náttúruvísindadeildarinnar
- Fíggjardeildin
- Viðurskifti við Mentamálaráðið
- Málnevndin
- Samstarv við Ráð teirra lesandi
- Menningarsamrøðurnar 2022-2023
- Reglugerð viðvíkjandi størvum á Fróðskaparsetrinum
- Støðan sum dekanur á Søgu- og samfelagsdeildini: **At gera: rektarin mælti stýrinum til at umrøða, um dekanstøðan skuldi gingeð upp á skift ella verið fast starv við betri løn.**
- Starvsfólk til KT-útbúgvingga

- PURE Føroyar – PURE.fo – og arbeiðsmentanin á Setrinum.
- Ársfrágreiðingin fyrir granskning
- Samstarv við vinnulívið: Bakkafrost, Depil fyrir staðsetingarfrørði
- Dagføring viðv. uttanhýsiseftirmetingini av Fróðskaparsetrinum: **At gera : rektarin eiger at siggja til, at høvuðstilmælini (vit hava fyribils uppkast) verða týdd til føroyskt nú – til tess at vera klár at leggja fyri nýggja landsstýrið beint eftir valið 8. desember 2022.**
- Styrkt lestrarfyrisiting
- Avhending til nýggja rektaran

Síðani takkaði rektarin stýrinum fyri gott samstarv tey seinastu trý árini. Stýrislimir takkaðu eisini núverandi rektara fyrir frálíkt arbeidi tey seinastu trý árini, serstakliga um góða tilgongd, hóast covid-19 var ein høvuðsavbjóðing hetta tíðarskeið. Stýrislimir sögdu seg eisini vera fegnar um, at Martin Zachariassen, sum áður hevur verið varaumboð í stýrinum og pro-rektari á Fróðskaparsetrinum síðani tíðliga í 2022, fer at taka við starvinum frá 1. jan. 2023.

8. Rektarans dagføring viðvíkjandi ætlanum og raðfestingum í strategiætlanini, 2020-2024 (skjal 7)

Sí skjal 7 til nærri kunning. Stýrið var sera fegið um íverksetanina og úrslitini løgd fram í strategiætlanini.

9. Uppskot um dagføring av skjalinum ‘Reglugerð galandi fyri størv á Fróðskaparsetri Føroya’ (skjal 8)

Broytingarnar í uppskoti hava við sær, at starvsfólk í føstum undirvísings- og granskingsstarvi skulu möguliga átaka sær leiðslu- og fyrisitingaruppgávur. Hetta er vegna tess, at tað hevur verið vanligt summastaðni á Setrinum at geva adjunktum útbúgvingarleiðararolluna, sum hevur gjørt, at tey eru seinkað í framflutningi til lektara, tí at tey hava ikki havt stundir til at granska og skriva greinir. Í verki hevur hetta ført við sær, at summi starvsfólk hava verið adjunktar alt ov leingi (kortini hava tey, sum eru í støðuni, nú fingið stuðul í tilgongdini), og vit vilja burtur úr hesum í framtíðini.

Hin broytingin er, at námslektarar, sum ikki hava Phd., verða ikki sett í fast starv. Hetta er fyri at tálma núverandi vana á summum deildum at hava vaksandi tal á námslektarum og minkandi tal á starvsfólkvið Phd. Í verki merkir hetta, at vit fara at bjóða starvsfólk uttan Phd., sum eru sett (fyribils), meiri standardhjálp, so at tey kunna taka Phd., meðan tey eru í fyribils starvi. Sum heild er hetta til tess at rökka málínunum, sum er væl útbúgvín starvsfólk og undirvísing við støði í granskning. Viðmerkingar frá stýrinum: at leggja upp fyri, at á summum økjum, har granskinger stendur veikt, er kantska torført at finna starvsfólk við Phd., so granskingerum hvørvið má samstundis styrkast.

Síðani góðkendi stýrið broytingarnar.

Seinni vísti tað seg, at útgávan, sum varð løgd fyri stýrið, var ikki tann nýggjasta, so ein dagførd útgáva er send stýrinum í telduposti 25. november 2022 eftir fundin, og stýrið hevur til 29. november at gera viðmerkingar til ta nýggjastu útgávuna. Um ongar viðmerkingar/atfinningar eru komnar áðrenn ta tíð, metir Setrið ta útgávuna, sum varð send 25. november 2022, góðkenda.

10. Kjak viðvíkjandi tilgongdini at finna umboð teirra lesandi í stýrinum (munnligt uppskot)

Lógin tilskilar ikki, hvussu lesandi verða vald til stýrið. Í lötuni verður tað gjørt við innanhýsisvali millum tey lesandi. Vit hava Ráð teirra lesandi (RTL), sum eisini verður valt við vali millum tey lesandi. Tá ið lesandi, sum eru vald til stýrið, hava avgjørt ikki at sita í stýrinum kortini, hava vit biðið RTL valt limir til stýrið til tað, sum eftir er av tíðarskeiðnum. Tað hevur virkað væl og kundi eisini gjørt umboðanina av lesandi betri, tí at RTL virkar á öllum Setrinum. Rektari skeyt upp, at í framtíðini (í verki frá 2024) skuldi tað vera vanlig mannagongd, at RTL velur limir til stýrið.

Setursstýrið góðkendi tær ætlaðu broytingarnar.

Av tí at lesandi velja limir til stýrið í lötuni, verða broytingarnar ikki settar í verk fyrr enn 2024.
(MMR velur limir til stýrið, men eftir tilmæli, so í verki verða ikki stórar broytingar hjá MMR at velja limir eftir tilmæli RTL heldur enn beinleiðis frá lesandi.)

11. Stutt dagføring frá Kampusbólkinum (munnlig frágreiðing frá formanninum)

Stýrisformaðurin (eisini formaðurin í kampusbólkinum) legði eina heildarætlan í seks stigum fram galldandi fyri tey komandi 7 árini, at enda í 2030. Stigini fevna um umvæling á Frælsinum (gamlí Læraraskúlin), studentabústaðir, høvuðsbygningin, parkeringspláss undir grasvøllinum á Frælsinum og síðani deildarbygningarnar.

Viðmerkingarnar frá stýrinum lögdu dent á at kunna almenningin um, hví tað er neyðugt at fáa kampus nú, tí at í lötuni er alt prát um fíggjarkreppu, sum kann minka um hugin at gera íløgur í kampus.

12. Stýrisformaðurin tekur samanum og ger endaviðmerkingar.

Stýrisformaðurin takkaði limum fyri ein góðan fund. Dagfestingar fyri fundir 2023 verða samskipaðir við komandi rektara, leiðsluskrivaran og stýrisformannin. Stýrislimir fáa boð við telduposti.

Fundurin endaði kl. 11:45
